**Subject:** Message to Parents During Child's Month

Dear Parents, the Guidance and Counselling department of Manchester High School stands in solidarity with the national thrust of recognizing and celebrating our children during the month of May. The Child's Month theme this year is Unplug Negativity... Connect Positivity... Think.

Parents, we truly congratulate you for the tremendous job you are doing in molding the lives of these children who God has entrusted in your care. The guidance and counselling department is with you all the way and continues to provide psychosocial support to both students and parents.

As part of our efforts to support our parents, we have provided the National Calendar of Activities for Child's Month that you can use as a guide to build positive and meaningful relationship with your child.

You can agree that we are truly living in an unprecedented time, where COVID-19 has restricted our movement as educators and children in various educational systems. Throughout the world, parents and children are spending more time together in the home environment than before and we know that it has not been an easy process; hence, we encourage our parents to build stronger positive relationships and greater bonds with their children as you develop trust and greater love for each other.

We encourage each parent to be that "run-to" person for your children, so they can feel comfortable to share just about anything with you.

Our children are truly gems who are destined for greatness through their passion, drive and desire for success, they can achieve their purpose for which they were created and to an even greater extent with your love and support. We salute our children for the great job that they are doing and encourage everyone to strive for excellence and bring out the champion that lies within them.
